These include Product Feeders, Pick and Place Systems, Product Merging, Product Dividers, Product Stackers and Destackers, Semi-Automatic Case Erectors, Product Accumulators, Container Handling, Tray Stackers, and Conveyors.

### STAINLESS STEEL 4 MAGAZINE TRAY DENESTER

Wrabacon custom designed this tray denester to denest trays at the rate of 100 trays per minute. The System was designed to denest trays on an indexing conveyor which then transported the trays to an overhead filling system. Once filled, the trays were conveyed to the packaging area for further process.
